Dear Friends,

On October 20th, 2018, The Superhero Center for Autism will be hosting our second annual Masquerade Ball, which will be held at Franchesco's Ristorante. Last year at our inaugural event, we had over 300 people in attendance. This year, our goal is to have 350 people in attendance to enjoy a night of dinner and dancing to benefit The Superhero Center for Autism. We have received amazing community support thus far, and we look forward to celebrating our success while raising funds to open our center.

The Superhero Center for Autism is a 501(c)(3) nonprofit organization established in the Rockford, Illinois area. Our goal is to provide support, education, and resources to individuals with autism or other special needs and their families. With our network of support, we are working to create the community center, which we hope to open in Spring of 2019. The Superhero Center will provide support groups for our families, community activities for our superheroes, and most importantly, we will create a judgement-free place for everyone with special needs and their families to shine.

This will be our biggest fundraiser event of the year, and we would love for you to be a part of it. We are looking for supporters to provide the gift of monetary sponsorships to help offset the costs of this event and to make this event a successful fundraiser for The Superhero Center. All proceeds raised will go directly to creating this one of a kind location and programs designed to benefit individuals with special needs and their families.

Please contact me or the committee member that contacted you if you would like to be a sponsor of the ball. Any donation would be greatly appreciated in helping make our masquerade ball a continued success. Sponsorships need to be submitted no later than September 1st.

Thank you so much for your consideration and generosity.

Sincerely,

Jamie Dornink  
President  
The Superhero Center for Autism

**Masquerade Ball benefiting The Superhero Center for Autism  
Fundraiser Event Sponsorships**
